

Aire House

Aire House provides specialist residential care for eight adults living with a primary learning disability diagnosis.

Introducing Aire House

Aire House provides assessment and support for adults living with a primary learning disability diagnosis but may present complex conditions. Some of the people we support also have communication difficulties as well as a range of other disabilities such as autism or epilepsy.

Within the house we continually promote the development of social skills, independent living and personal responsibility. We find that the people who live at Aire House are very proud of their home as they are directly involved in creating it. Individuals get involved in daily duties such as cooking, doing laundry and cleaning, depending upon their ability.

Many enjoy the social occasions arranged by Aire House, such as: eating out, going shopping, going to music concerts, football or rugby matches, trips to theme parks, visits to the local Turkish spa baths and much, much more.

The menu at Aire House is developed by individuals to suit personal preference and reviewed within the monthly 'Your Voice' feedback meetings. Everyone is encouraged to prepare their own meals and snacks.

Recent good news stories

One resident is delighted that, with our support, he has successfully completed his application form/ DBS for volunteer work at the local hospital.

One resident has achieved a healthy, monitored weight loss by focusing on a healthy eating plan to reduce her portion sizes, eat more fruit and vegetables, and go for walks. Her focus and determination is inspiring.

One resident is in part time employment and says that he's happy he is earning.

Living at Aire House

- 8 bedrooms

- Access to education and supported employment opportunities
- Progression through a care pathway to live as independently as possible

“ During the time our son has been at Aire House, we have found the staff caring, supportive and very understanding to the needs of all residents. ”

Parent of resident at Aire House

Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.

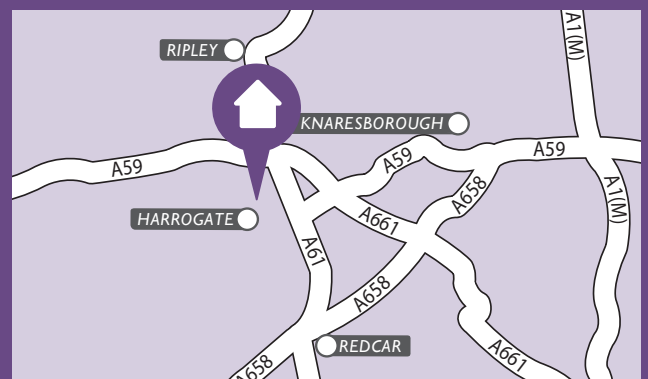

Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's Social Services Department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.
