

# Alexandra House

Alexandra House provides assessment and support for adults living with a primary learning disability diagnosis and who may present complex conditions.

## Introducing Alexandra House

Some of the people we support may also have communication difficulties or a physical disability, and predominantly have dual diagnosis, as well as a range of other disabilities such as epilepsy.

The service offers 24/7 specialist residential support and is committed to providing just enough support to empower and encourage individuals to develop the skills they need to live as independently as possible and achieve positive outcomes for all.

The service is also supported by a quality assurance team including a specialist Learning Disability Advisor whose aim is to empower service users to take control of their lives and, where possible, work towards a level of independence which fits with their skills, confidence and aspirations.

## Living at Alexandra House

Split over three floors, our facilities include:

- Robust furnishings
- En-suite bathrooms
- Spacious lounge and diner
- Separate activity room
- Large garden

## Our services

- Specialist support for 10 people with a physical or learning disability
- 10 places, three with en-suite and all others with hand washing facilities
- En-suite rooms are all compliant with the Disability Discrimination Act
- Innovative person-centred support programmes in a safe and caring environment
- One-to-one psychological support where needed
- Access to education and paid employment opportunities
- Progression through a care pathway that fulfils each individual's maximum potential to live more independently
- Multidisciplinary staff team
- Interaction within Priory Adult Care's communication strategy 'Your Voice'
- Supported living, respite and community outreach transitional services

## Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.

## Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.
