

Self-contained accommodation available

# Bank Hall Farm

Bank Hall Farm provides assessment and support for adults living with autistic spectrum disorders including Asperger Syndrome.

## Introducing Bank Hall Farm

Bank Hall Farm is also suitable for individuals with communication difficulties or behaviours that challenge, and predominately have dual diagnosis, as well as a range of other disabilities such as epilepsy or learning difficulties.

The service offers 24/7 specialist residential support and is committed to providing just enough support to empower and encourage individuals to develop their self-esteem and the skills they need to live as independently as possible to accomplish their goals and achieve positive outcomes for all.

The service is also supported by a team of specialist autism advisors who, through Priory Adult Care's Autism Strategy, empower service users to take control of their lives, and where possible, work towards a level of independence which fits with their skills, confidence and aspirations. Alongside this, we offer person-centred support and encourage individual's to personalise their rooms to make them feel homely, and suit their needs and requirements.

## Living at Bank Hall Farm

- 7 bedrooms, all with en-suite facilities can be personalised to the requirements of each individual including furniture, soft furnishings, bedding, window dressing and paint/wall coverings
- Robust, low-arousal accommodation
- Large, safe, enclosed grounds with a trampoline and garden activities equipment
- On-site transport to access the wider community
- A convenient location, 5 minutes' from the centre, and close to local shops and amenities
- Close links with local learning disability and autism networks

Bank Hall Farm is currently developing a sensory garden which will allow individuals to explore their senses in a safe and stimulating environment.

## Referrals and placement enquiries

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.

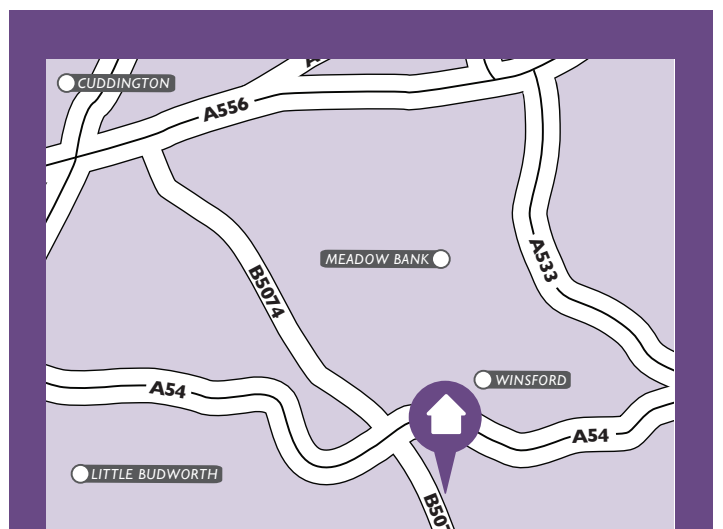

## Our services

- Specialist support for up to 7 people with autism who may also have behaviours that challenge
- Innovative person-centred support programmes including input from positive behavioural support (PBS) practitioners
- PROACT-SCIPr-UK training for all care and support workers
- Progression through a care and support pathway which aims to fulfil each individual's maximum potential and live with the greatest level of independence
- Individual's views can be communicated via Priory's 'Your Voice' service user communication programme

## Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.
