

Belmont Road

Belmont Road provides assessment and support for adults living with a primary learning disability diagnosis but may present complex conditions.

Introducing Belmont Road

Belmont Road consists of two, purpose-built bungalows for people with a learning and physical disability. Some of our service users have additional complex issues such as epilepsy, peg use and eating difficulties.

The service offers 24/7 specialist residential support and is committed to providing just enough support to empower and encourage individuals to develop the skills they need to live as independently as possible and achieve positive outcomes for all.

The service is also supported by a quality assurance team including a specialist Learning Disability Advisor whose aim is to empower service users to take control of their lives, and where possible, work towards a level of independence which fits with their skills, confidence and aspirations.

Our services

- Specialist support for 13 people with learning disabilities, physical needs and epilepsy
- Individual bedrooms which have been accommodated to suit our service user's individual needs
- Four specially adapted bathrooms. Two are located in number ten bungalow and two are located in number nine bungalow
- Innovative person-centred support programmes in a safe and caring environment
- Access to education and day care services
- Progression through a care pathway that fulfils each individual's maximum potential to live more independently
- Service users can have their views heard via Priory Adult Care's communication strategy "Your Voice"
- Community outreach and respite services as well as a pathway to supported living

Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

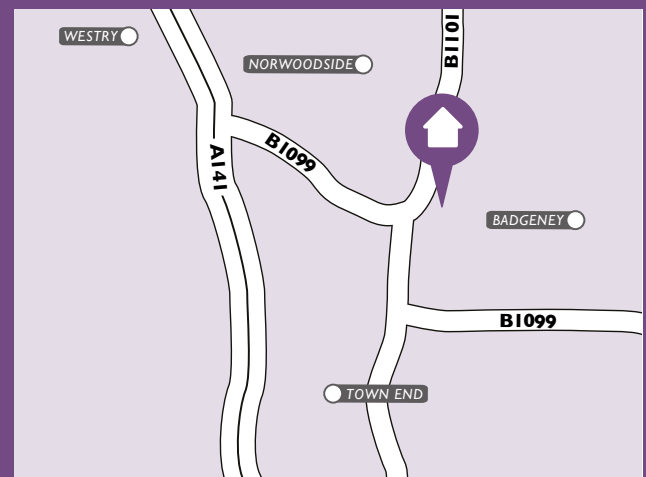

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.

Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.
