

Carlton House

Located in Leeds, Carlton House provides 24/7 specialist residential support for 16 men with autism, learning disabilities, behaviours that challenge and associated complex needs.

Introducing Carlton House

At Carlton House, our aim is to support everyone that lives here to be as independent as possible, to reach their full potential and to take responsibility for their lives and for their behaviour.

We encourage the people we support to take part in various activities including cooking, gardening and baking, as well as getting involved in weekly shopping trips to develop their daily living skills. There is a wide range of community-based activities close to the service and we also have a life skills coach.

Our home is located in the peaceful and rural village of Rothwell Haigh, and we are within easy reach of Leeds and Wakefield by car or bus.

Living at Carlton House

In our main facility Carlton House, we have 10 en-suite bedrooms and spacious communal areas. We also have a purpose-built detached step-down unit close to Carlton House called Carlton Cottage, which features six en-suite bedrooms and large communal rooms.

Carlton House has low-arousal accommodation with a skills kitchen, a large communal lounge, a fully equipped snoezelum room and a sensory room.

Outdoors we have a garden and barbecue area which is ideal for warm summer days. All the grounds are fully enclosed.

Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.

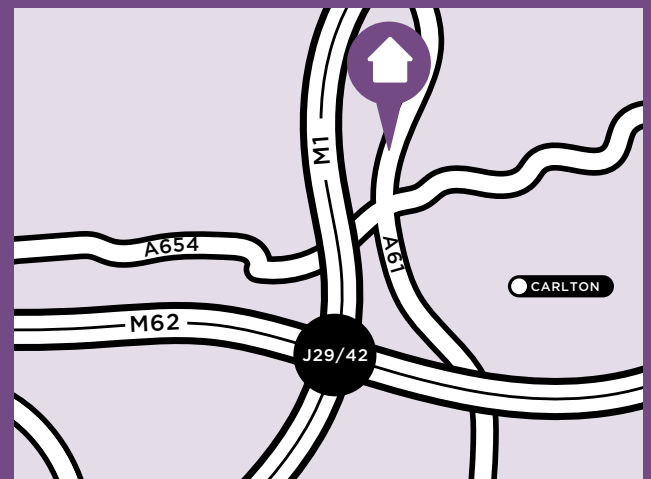

Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.

“ The staff understand my condition and are always there to help me. ”
