

# Conquest House

Conquest House provides 24/7 specialist residential support to adults with autism, learning disabilities, mental health conditions and behaviour that may challenge.

## Introducing Conquest House

Located in the Farcet area of Peterborough, Conquest House aims to provide the highest quality of support enabling individuals to build on skills, live more independently and reach their goals.

The support is delivered in partnership with a professional multidisciplinary team, committed to providing quality care focused on the needs of the individual. We believe in a personalised approach and everyone living at Conquest House has their own person-centred plan which is reviewed regularly.

We also believe that individual choice is paramount and each person we support is actively encouraged to make informed choices and maintain independence. A key worker is assigned to each person ensuring a holistic approach to individual care. We encourage individuals and families to actively participate in the planning of support, which is facilitated through individual/relatives meeting where information is provided.

## Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.

“ I am developing my independence skills every day and will reach all of my goals. ”

## Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.
