

Conquest Lodge

Conquest Lodge is a community resource providing assessment and support for 19 adults living with either a primary learning disability diagnosis and possible complex conditions or complex mental health support needs.

Introducing Conquest Lodge

Some of our service users have communication difficulties or present behaviours that challenge, as well as a range of other disabilities such as Epilepsy or Down's Syndrome.

Some of our mental health service users may self-harm and have complex personality disorders, depression and bi-polar, that they need support with.

The service offers 24/7 specialist residential support and is committed to providing just enough support to empower and encourage individuals to develop the skills they need to live as independently as possible and achieve positive outcomes for all.

The service is also supported by a quality assurance team whose aim is to empower service users to take control of their lives, and where possible, work towards a level of independence which fits with their skills, confidence and aspirations.

Our services

- Specialist support for four people with complex mental health needs in a refurbished self-contained bungalow with its own separate entrance
- Three refurbished bungalows, providing specialist support for 15 people with primary learning disability diagnosis, with associated mental health needs if compatible with current service users
- Private gardens with BBQ area
- Access to local public transport, house car and new fully accessible mini bus
- We use fully trained and inducted bank staff to cover when needed
- Access to fully trained, multidisciplinary team including speech and language therapist, psychiatrist, occupational therapist, behaviour support and a district nurse
- One-to-one psychological support where needed
- Access to education and paid employment opportunities, day opportunities and full range of activities including hydrotherapy, scenic walking, life skills training, fun trips out
- Progression through a care pathway that fulfils each individual's maximum potential to live more independently
- Service users can have their views heard via Priory Adult Care's communication strategy "Your Voice"
- Supported living, respite and community outreach transitional services

Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.

“ I love living here, the staff are really friendly and helpful. ”

Resident at Conquest Lodge

Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.
