

Halifax Drive

Halifax Drive provides assessment and support for adults living with a primary learning disability diagnosis but may present mental illnesses.

Introducing Halifax Drive

Some of our service users also have communication difficulties or present behaviours that challenge, and predominately have dual diagnosis.

The service offers 24/7 specialist residential support and is committed to providing just enough support to empower and encourage individuals to develop the skills they need to live as independently as possible and achieve positive outcomes for all.

The service is also supported by a quality assurance team including a specialist Learning Disability Advisor whose aim is to empower service users to take control of their lives, and where possible, work towards a level of independence which fits with their skills, confidence and aspirations.

We offer person-centred support and encourage individual's to personalise their rooms to make them feel homely, and suit their needs and requirements.

Our services

- Specialist support for 33 people with learning disabilities who may also present mild to moderate/severe behaviours that challenge or mental illnesses
- One en-suite room which is compliant with the Disability Discrimination Act
- Innovative person-centred support programmes in a safe and caring environment
- Access to adult education and paid employment opportunities
- Progression through a care pathway that fulfils each individual's maximum potential to live more independently
- Service users can have their views heard via Priory Adult Care's communication strategy "Your Voice"

Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.

Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.
