

Kingfisher Rise

Located in Hull, Kingfisher Rise provides supported living services for five male and female adults with complex mental health needs.

Introducing Kingfisher Rise

At Kingfisher Rise, we support individuals with complex mental health needs and enable them to move on to more independent living. Our multidisciplinary team will work with residents on an individual basis to help them achieve their unique recovery goals and aspirations in a safe and therapeutic environment.

We provide five spacious flats in a supported living environment. Each flat has its own modern communal areas for the residents to relax and develop their daily living skills, whilst also offering 24 hour support.

Living at Kingfisher Rise

At Kingfisher Lodge, we provide a safe and therapeutic environment for residents. The service also has direct bus routes into Hull city centre which is only two miles away.

We encourage our residents to use local community resources and amenities where possible to help further develop their independence skills, as well as for educational, employment and social purposes.

- A person-centred approach and plans that clients and family members can be involved in developing
- Two miles from Hull city centre, good links with bus routes and close to local amenities
- Active participation in the local community and opportunities for educational, employment and social activities close by

Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.

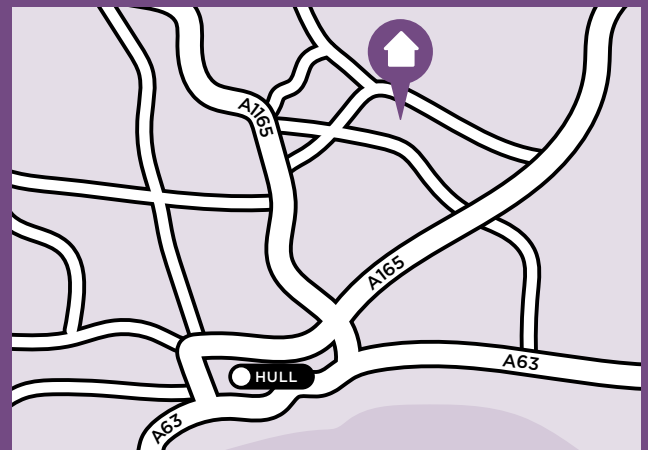

Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.
