

Lynbrook

Located in Preston, Lancashire, Lynbrook provides 24/7 specialist residential support for four adults with autism and learning disabilities, who may also present complex/challenging behaviour.

Introducing Lynbrook

We provide a safe and supportive environment where individuals are fully involved in their care and support planning in order to lead a more independent and fulfilling life.

Our aim is to improve the health and wellbeing of the people we support and we are focused on achieving positive outcomes for everyone.

Living at Lynbrook

All individuals at Lynbrook benefit from the many activities available within the service and in the local community. Within the house we continually promote the development of social skills, independent living and personal responsibility.

Dependent upon an individual's ability, this includes the following daily skills:

- Budgeting
- Cooking
- Cleaning
- Laundry
- Shopping

The people that we support are also encouraged through their person-centred plans to achieve their goals and aspirations outside of the home including attending college courses such as art and daily living skills.

Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.

Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.
