

Millburn

Millburn is located on the outskirts of Glasgow in Cambuslang, Halfway area and is sub-divided into small, standalone residential units.

Introducing Millburn

Two of these units provide a homely setting and support for people with learning disabilities, autism and mental health conditions - enabling them to participate in outcome planning and be fully integrated within the wider local community.

The further two buildings comprise of nine individual self-contained flats which are ideal for those with higher support requirements. We can work on transitions to supported living as well as providing long term homes as appropriate to the individual.

The philosophy of support within all of the units is on individual planning to ensure that everyone has the opportunity to live the life that they want and has the opportunity to reach the goals that they want.

We offer person-centred support and encourage individual's to personalise their rooms to make them feel homely, and suit their needs and requirements.

Our services

- Working with you to manage your transition from another residential or care at home service to your new support package within Millburn
- Designing a support package based on your needs and wants in conjunction with your family
- Putting some support in place to help you get to college, work or out to socialise or participate in sport and cultural activities

Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.

“ I think the staff are great and they really have helped me to live the life I want to. ”
