

Mountain View House

Mountain View House is a bespoke specialist autism service in Monmouthshire for up to seven individuals with autistic spectrum conditions and associated complex needs aged 18 years and over.

Introducing Mountain View House

The service is situated in the beautiful hilltop hamlet of Pantygasseg on the edge of a national nature reserve, next to a riding school for the disabled and within walking distance of the local town and amenities of Pontypool. It also has good public transport links to the larger towns of Cwmbran and Newport, as well as to the M4 motorway which links it to major cities such as Bristol and London.

Mountain View House offers a homely environment that promotes independent living. The service has been designed to provide bespoke accommodation for seven people including three en-suite bedrooms, as well as two studio flats and two apartments, all with an en-suite, lounge/living area and Activities of Daily Living (ADL) kitchenette. In addition, Mountain View House has a large communal lounge with access to a well-sized enclosed garden, separate dining room and kitchen/dining area.

The staff team has significant experience and expertise in supporting people with complex autism and associated behaviours that challenge. A dedicated positive behaviour support practitioner is also an integral part of the staff team.

Mountain View House brings together the best qualities of a 'local' service with the support and expertise of an established and well-respected service provider. The home offers progression through a care pathway to live as independently as possible. Priory Adult Care is also competent in adhering to the Mental Capacity Act in making Best Interest Decisions and, when necessary, making applications to the Local Authority under Deprivation of Liberty Safeguards.

Our services

Mountain View House has been designed with autism in mind and offers:

- A low stimulus, homely and relaxed environment, whilst offering robust furnishings
- Spacious, communal lounge with access to safe and private garden

- Intensive interactive communication and environment
- Large garden and access to other recreational space and grounds
- One-to-one specialist support as required
- Access to education and supported employment opportunities
- Progression through a care pathway to live as independently as possible
- Access to multi-professionals from allied healthcare practitioners and a dedicated positive behaviour support specialist
- This seven bedded service comprises of:
 - Three en-suite bedrooms
 - Two studio flats
 - Two independent apartments

Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

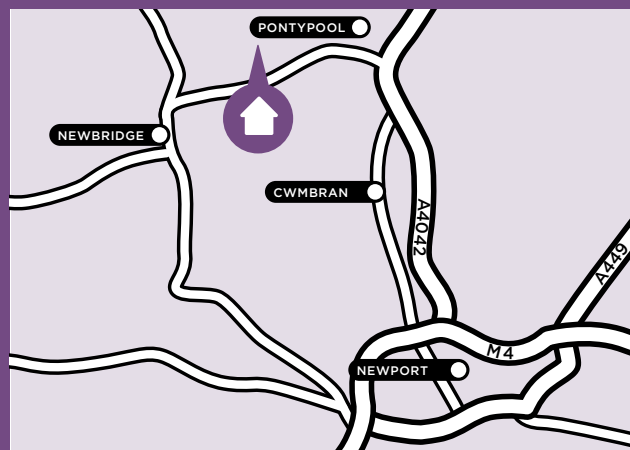

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.

Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.
