

St Brannocks

St Brannocks provides assessment and support for six adults living with mild to medium autism, learning disabilities and associated complex needs.

Introducing St Brannocks

The service offers 24/7 specialist residential support and is committed to providing just enough support to empower and encourage individuals to develop the skills they need to live as independently as possible and achieve positive outcomes for all.

The service is also supported by a quality assurance team including a specialist Learning Disability Advisor whose aim is to empower service users to take control of their lives, and where possible, work towards a level of independence which fits with their skills, confidence and aspirations.

Our services

- Where possible, individuals are involved in designing their own person-centred plan, with family and staff support
- Specialist support for six people with autism
- Non-invasive 'Studio 3' restraint technique
- All bedrooms are compliant with the Disability Discrimination Act
- Innovative person-centred support programmes in a safe and caring environment
- One-to-one psychological support where needed
- Access to education and community based clubs
- Progression through a care pathway that fulfils each individual's maximum potential to live more independently
- A multidisciplinary staff team
- Service users can have their views heard via Priory Adult Care's communication strategy "Your Voice"
- Supported living, respite and community outreach transitional services

Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.

During 2018, we successfully supported two people to transition into supported living accommodation.

Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.
