

The Cherries

Located in Folkestone, The Cherries is a specialist residential service supporting adults with autism.

Introducing The Cherries

Our aim at The Cherries is to develop the daily living skills and independence of the people that we support, empowering them to successfully transition into their own tenancy in the future, where possible.

Our specialist residential service is situated in Folkestone, Kent, with easy access to a wide choice of amenities and only a short walk from the town centre.

Alongside autism, the people that we support may have communication difficulties or present with behaviours that may challenge. They will also predominantly have a dual diagnosis, as well as a range of other disabilities such as autism and epilepsy.

Graham's story

When Graham* arrived at The Cherries 19 years ago, he was struggling with his weight. With staff support, Graham successfully and safely lost the right amount of weight which promoted his health and wellbeing. Graham was also discharged from the Cardiologist team after 15 years of their involvement.

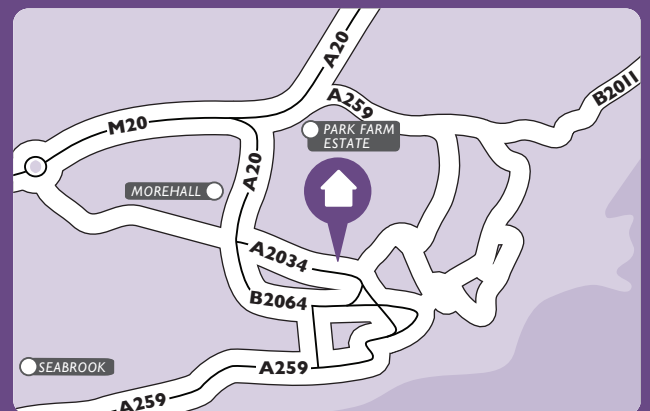

Following this achievement and with the right staff support to further develop his independence and community skills, Graham has now successfully transitioned out of county so that he can be closer to his family. This would never have been imaginable before he arrived at The Cherries.

Our services

- Specialist residential support for six people with autism and additional needs
- Robust, low arousal accommodation, including two bedrooms with en-suite facilities
- Ground floor rooms are compliant with the Disability Discrimination Act
- A dedicated and experienced staff team
- Access to a range of planned on-site and off-site activities
- Innovative, person-centred support programmes in a safe and caring environment
- Progression through a care pathway that fulfils each individual's maximum potential to live more independently
- Interaction within Priory Adult Care's communication strategy 'Our Voice'
- A convenient location close to local amenities and public transport to the town centre and nearby attractions

Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability. Our specialist person-centred care and support helps people to lead fulfilling, happy lives.
