

The Oaks and Woodcroft

The Oaks and Woodcroft provides 24/7 specialist residential support for adults with profound learning disabilities.

Introducing The Oaks and Woodcroft

Located in Dereham, The Oaks and Woodcroft is operated by a friendly, well-trained and professional staff team, who are able to undertake a full range of health and social care assessments. Individuals receive support that is specifically tailored to their needs, as outlined in their person-centred plan.

We do everything we can to improve the health and wellbeing of the individuals we support and as a team we are focused on building positive outcomes for everyone. For some people this means attending college to access various courses including cooking, art and daily living skills or it could be work placements and other day opportunities in-line with their goals.

Living at The Oaks and Woodcroft

The Oaks and Woodcroft is situated in the village of Mattishall, 15 miles west of Norwich city centre and five miles from Dereham. Mattishall has a post office, medical centre, pharmacy, public house, four hairdressers, two small grocery stores, butchers and five churches of different denominations.

The service is made up of two bungalows, each supporting up to six people. Each person we support has their own bedroom, which they are encouraged to personalise to their own tastes, with any required assistance provided.

The bungalows share a large garden to the rear of the properties and there is car parking to the front. There is also an area where people can grow their own vegetables.

Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.

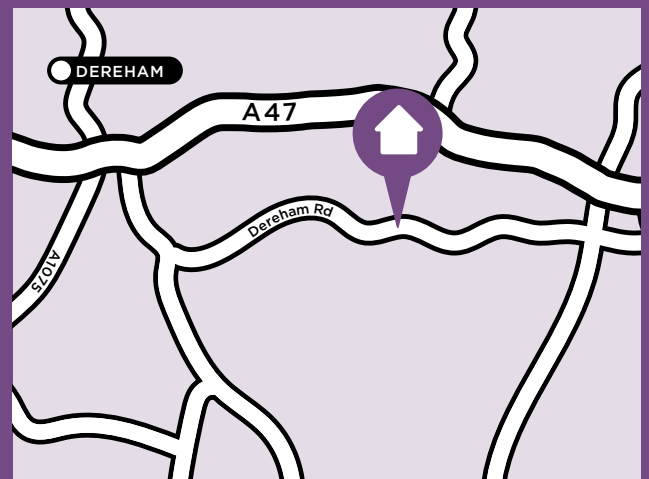

Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.

“ Thank you for all the support you have given me. I now go to college. ”
