The Old Vicarage

Located in Upper Eastville, Bristol, The Old Vicarage provides 24/7 specialist residential support for nine adults with learning disabilities.

We believe in a personalised approach and everyone living at The Old Vicarage has their own person-centred plan which is reviewed regularly. Our aim is to provide the highest quality support enabling individuals to build on skills, live more independently and to reach their goals.

The dedicated and professional team are committed to providing quality support focused on the needs of the individual. A key worker is assigned to each person ensuring a holistic approach to individual care, however we believe that individual choice is paramount and each person is actively encouraged to make informed choices and maintain independence.

Everyone at The Old Vicarage is given the opportunity to exercise their choice and become involved in a wide range of activities, including accessing local day centres, colleges and work placements within the community.

Introducing The Old Vicarage
Living at The Old Vicarage

The Old Vicarage is situated close to Eastville Park with its picturesque lake and woodland walks, and only a few minutes away by foot from local shops, pubs, a post office, library and doctors surgery. Our location is well serviced by a bus route to Bristol city centre.

Our facilities

We have nine bedrooms at The Old Vicarage, two shared bathrooms and three wash rooms. Individuals are encouraged and supported to personalise their bedrooms to enable them to feel right at home.

The Old Vicarage's decor is bright and homely, and there are plenty of communal areas for socialising and relaxing. Outside we have a large garden which offers space for sports and outdoor dining.

Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

• The individual’s social services department management team or, if relevant, their local health authority

• By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.

Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.
