

# Westview

Westview provides support for adults with a diagnosis of learning disability, autism and Prader-Willi Syndrome.

## Introducing Westview

Westview provides support for adults with a diagnosis of learning disability, autism and Prader-Willi Syndrome (PWS), who require the support and opportunity to achieve a lifestyle that reflects the concepts of an ordinary life, so they are seen as valued individuals.

Westview provides an environment that supports service users to reach their full potential in daily living skills, thereby maximising their opportunity for independence. Westview provides

opportunities for service users to make and maintain relationships with both friends and family. Westview is situated in an area where there is good access to the local community, public transport, educational and recreational facilities.

We offer person-centred support and encourage individual's to personalise their rooms to make them feel homely, and suit their needs and requirements.

## Our services

- Innovative person-centred support programmes in a safe and caring environment
- Service users can have their views heard via Priory Adult Care's communication strategy "Your Voice"
- Progression through a care pathway that fulfils each individual's maximum potential to live more independently

## Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.

## Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.
