

# Fitzwilliam Lodge

Fitzwilliam Lodge is a mixed placement service for adults who require specialist support for mental health, personality disorder and who may also have a secondary diagnosis of learning disability.

## Introducing Fitzwilliam Lodge

Located near local facilities on Westfield Road, Rotherham, Fitzwilliam Lodge is a generously sized detached property made up of 13 bedrooms and three self-contained flats. The gardens are spacious and we have access to a range of on-site transport.

Our team provides support for people who may no longer require hospital based care and support, yet may continue to exhibit risks that require skilled support and carefully planned interventions.

Fitzwilliam Lodge offers an ideal care and support opportunity for people who require a pathway that is considered a step down from hospital locked or unlocked rehabilitation, to a carefully planned community based support service.

Our team also supports people from the community who may require an emergency admission for a short while, as well as individuals who may require a more robust and person-centred environment.

We offer an intensive support service that focuses on the notion of recovery and re-enablement including assertive support and person-centred planning. The pathways that we create incorporate from the beginning of the support package a clear pathway back into the community for the person.

Our team also offer and incorporate an outreach provision so that people can move forward with their lives and retain core team support, enabling them to feel a degree of staffing consistency and therefore stability.

## Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.

## Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.
