

# Georgina House

Georgina House provides support for up to four adults living with learning disabilities, autism and mental health illnesses.

## Introducing Georgina House

Some of our service users also have communication difficulties and may also present complex conditions or have behaviours that challenge.

The service offers 24/7 specialist residential support and is committed to providing just enough support to empower and encourage individuals to develop the skills they need to live as independently as possible and achieve positive outcomes for all.

Service users take control of their lives and, where possible, work towards a level of independence which fits with their skills, confidence and aspirations.

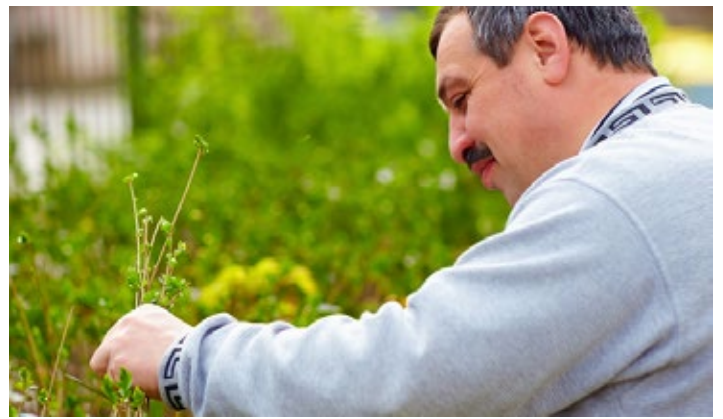

## Our services

- Specialist support for four people with learning disabilities who may also present mild to moderate/severe challenging behaviour
- Four bedrooms, two with en-suite facilities
- Innovative person-centred support programmes in a safe and caring environment
- Access to education opportunities
- Progression through a care pathway that fulfils each individual's maximum potential to live more independently
- Service users can have their views heard via Priory Adult Care's communication strategy 'Your Voice'

## Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.

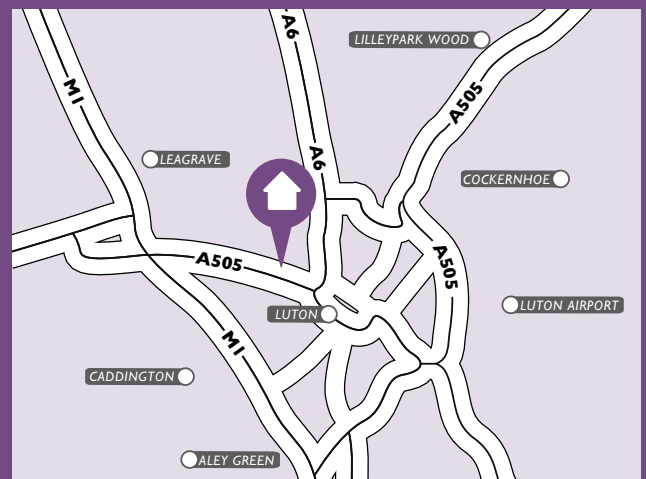

## Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.
