

# The Cedars

The Cedars provides 24/7 specialist residential support for adults with learning disabilities and mental health conditions.

## Introducing The Cedars

Located in Gloucester, The Cedars aims to provide a safe and homely environment where everyone can make their own choices about the support they receive. We do everything we can to improve the health and wellbeing of the individuals we support.

We have a dedicated staff team who provide first-class 24 hour support for everyone enabling individuals to make their own choices and set about achieving their goals. This might be attending college to access courses such as cooking, art and daily living skills, or it could be work placements and other day opportunities.

## Living at The Cedars

The Cedars is situated within a residential area of Gloucester, with excellent local amenities and the city centre just a few minutes away by foot. Local buses pass nearby every 10 minutes and the train station is also within easy reach.

The Cedars offers a wide range of facilities including:

- Nine bedrooms
- Two substantial airy lounge areas
- A dining room
- A utility room
- A large wooden lodge for activities

The Cedars has a tranquil garden which offers a relaxing atmosphere and a quiet retreat. A large wooden lodge is also situated in the garden which is used for arts and crafts, computer activities, watching films and relaxing. .

Everyone is encouraged and supported to use the kitchen to prepare and cook meals for themselves and others.

## Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.

“ Staff support me to lead an active life and improve my skills. ”

## Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.
