

# Martins

Martins provides assessment and specialist support for adults with profound, severe and moderate learning disabilities.

## Introducing Martins

Some of our service users also have communication difficulties and other conditions such as Epilepsy.

The service offers 24/7 specialist residential support and is committed to empowering and encouraging the individuals who live there. Staff will provide the support needed to enable them to reach their goals and to develop their self-esteem and the skills they need to live as independently as possible.

The service is also supported by our person-centred approaches team who provide positive behaviour support strategies to individuals using the service, and their team of support staff, to enable them to achieve positive outcomes.

## Our services

- Specialist support for two people with an intellectual disability and/or autism who may also present with behaviours that challenge
- Robust, low arousal, homely accommodation, which exceeds the latest standards
- Proact SCIPr UK support strategies
- Innovative person-centred support programmes in a safe and caring environment
- One-to-one psychological and psychiatry support where needed
- Access to education and paid employment opportunities
- A multidisciplinary staff team
- Service users can have their views heard via Priory Adult Care's communication strategy "Your Voice"
- Progression through a care pathway that fulfils each individual's maximum potential to live more independently

## Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.

## Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.
