

York Road

Situated in Southport, York Road provides specialist residential support for five young adults with varying learning disabilities, communication difficulties and autism.

Introducing York Road

The staff team at York Road strives to provide just the right level of support to individuals so they can achieve a high level of independence. We can also offer 1:1 support where necessary.

All residents are involved in the creation process of their person-centred plans, which gives individuals the chance to outline their goals and aspirations. We also support people to identify what steps are needed to fulfill their plans.

Living at York Road

York Road is a large Victorian house situated on a quiet street, with easy access to public transport. There is a homely and friendly environment at our service which helps the people we care for to feel relaxed and happy in their surroundings. Our five bedrooms are personalised by those people in our service to make York Road feel very much their home.

Outside is a garden where we host plenty of barbeques in the summer months and a large trampoline which is used regularly. There is also private transport available which is used for day trips and other off site activities.

Our activities

York Road has good bus and train links to Southport, and we're just a 15 minute walk from the beach, there are also annual flower and air shows that take place in the area. Numerous events take place at the local theatre, which prove very popular amongst the individuals supported here.

There is a social club in the village, where those supported at York Road meet up with friends once a week and have a disco. Other favoured leisure activities include horse carriage riding, swimming, cinema visits and bowling.

Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.

“ You have helped me to understand myself better and become more confident and happy. ”

Person supported by York Road

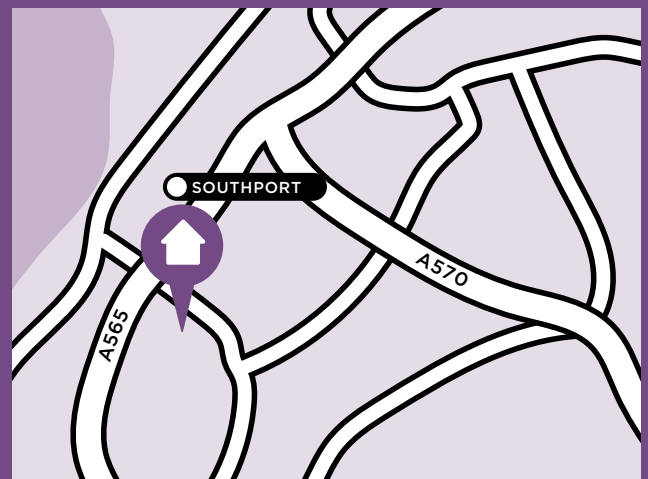

Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.
