Achieving positive outcomes

We strive to achieve the best possible outcomes for all of our service users. We do this through continual assessment alongside the community learning disability teams, which includes:

- Physiotherapist
- Occupational Therapist
- Speech and Language Therapist
- Specialist nurses

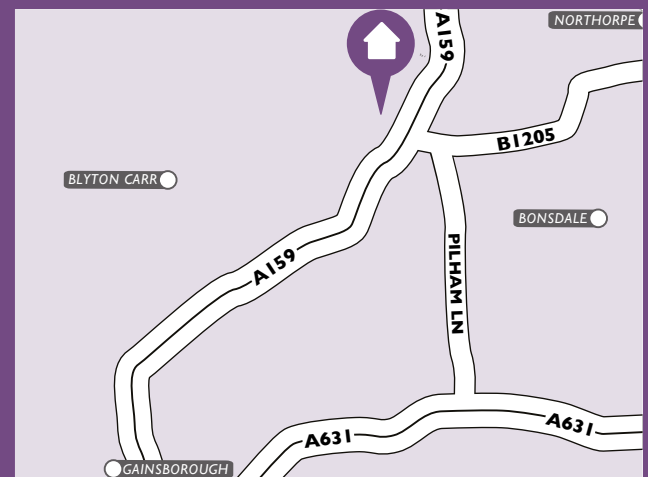

Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.
