

Hill House

Located in Pulham St Mary near Diss, Norfolk, Hill House provides specialist residential support for seven adults with learning disabilities in a safe and nurturing environment.

Introducing Hill House

At Hill House we aim to achieve an individualised service for everyone we support, using a person-centred approach through both community and home-based activities, working towards individual goals and aspirations.

Living at Hill House

Within the house we continually promote the development of social skills, independent living and personal responsibility. Dependent upon an individual's ability, this includes the following daily skills:

- Budgeting
- Cooking
- Cleaning
- Laundry
- Shopping

We also have many facilities on our doorstep with shops and leisure facilities nearby, as well as good transport links such as a bus network.

Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.

Our services

- A homely, safe and relaxed environment
- A highly skilled and dedicated staff team
- A person-centred approach through both community and home-based activities
- Within easy access to local shops, amenities and transport links
- Seven individual bedrooms
- Spacious communal areas including a lounge and family-style kitchen

Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.
