

The Gables

Located in Scunthorpe, Lincolnshire, The Gables is a new residential service for 12 adults with complex mental health needs.

Introducing The Gables

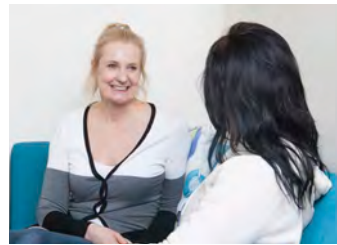

The Gables is a newly developed standalone property providing nine bedrooms with en-suite facilities and three self-contained apartments with both en-suite and Activities of Daily Living (ADL) kitchen facilities. A range of communal areas are also available including two spacious sitting rooms, both with access to a patio area and private, enclosed garden, a separate quiet lounge, as well as a large kitchen and dining room for residents to use.

This residential service is designed for both male and female adults who no longer require hospital care, yet continue to present a level of risk that requires fully supported and staffed accommodation. The Gables provides an integrated step-down service from hospital, locked rehabilitation and crisis admissions for individuals who may require a step-up from the community. Beneficial to the service is the availability of the three self-contained flats which can be used as a pathway to independence.

Living at The Gables

The Gables is situated in the Ashby area of Scunthorpe and is close to amenities. The service is also within easy access to bus routes to the town centre and other locations.

- Nine en-suite bedrooms and three self-contained apartments with their own Activities of Daily Living (ADL) kitchens to promote independence
- Active care and recovery model with one-to-one additional support, if required
- Long stay and short term crisis admissions
- Access to community projects/programmes
- An experienced staff team
- 24 hour support, whilst maintaining safety

Achieving positive outcomes

We work in partnership with the people who use the service to take control and have belief in their potential, making positive outcomes and recovery a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for the people who use our services. This, paired with our personalisation agenda, enables us to support individuals to lead fulfilled, independent lives. By working together, we can make a real difference.

Our Head of Quality and support team work hard to ensure continuous improvements are made in all our Priory Adult Care homes and our care planning, staff training and competence, medications management and service provision are of the highest standard. To maintain quality, we regularly undertake rigorous internal audits and our services are regulated by the CQC and funding bodies.

Admissions criteria

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate. We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want. Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.
