

Bishops Way

Bishops Way is situated in St Leonards-on-Sea, East Sussex.

Introducing Bishops Way

Priory Adult Care is part of the Priory Group of Companies, providing specialised care and support services for people with Prader-Willi syndrome (PWS), in a purpose-built environment.

PWS affects both males and females, and appears to be present in all races. It is caused by a genetic abnormality on chromosome 15. This impacts on their ability to recognise that they have eaten and therefore gain excess weight, which is a risk to their health and wellbeing.

Our specialist services have been developed with the involvement of the people we support, families and care professionals to embed best practice in supporting individuals with PWS.

At Bishops Way, our philosophy respects and encourages people with PWS to lead a personalised lifestyle. We offer a homely environment that supports up to six adults aged 18 years and over, with the necessary skills to manage their food and dietary intake, and maintain a healthy lifestyle.

Our services

- Spacious bedrooms and communal areas
- A focus on personalisation
- Positive behaviour support
- Food and dietary control
- A consistent, competent and motivated staff team
- Community experience which includes voluntary work placements, leisure activities, college placements, horticultural projects, gym, swimming and sports activities
- An on-site day services workshop

Achieving positive outcomes

By encouraging people to take control and have belief in their potential, we can make positive outcomes a reality for everyone, regardless of age or presumed ability.

We create pathways that support individuals through residential to community living, delivering measurable results for both local authorities and the people who use our services. This, paired with our personalisation agenda, enables us to help the people we support to lead fulfilled, independent lives. By working together, we can make a real and lasting difference.

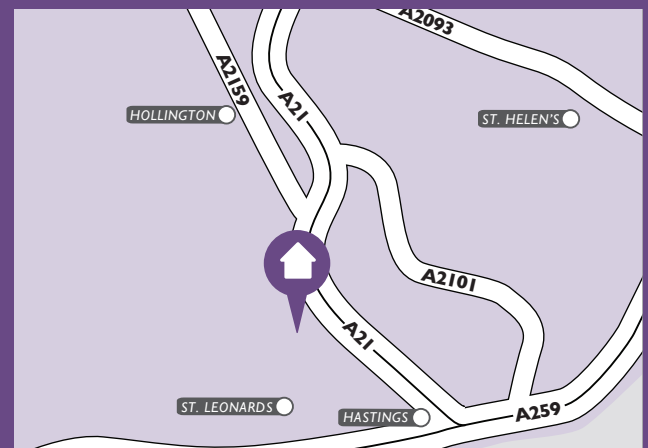

Admissions and referrals

At Priory Adult Care, we can offer advice about accessing benefits and funding if appropriate.

We support people on how best to spend an individual budget or direct payment to make sure the people we support can live the life they want.

Referrals can be made through:

- The individual's social services department management team or, if relevant, their local health authority
- By the individual (or an appropriate adult acting on their behalf) who wishes to use direct payment, individual budget, or who is self-financing.
