

## Specialist Prader-Willi syndrome (PWS) services

## Introducing Priory Adult Care:

Priory Adult Care's specialist Prader-Willi syndrome (PWS) services have been specifically developed with the involvement of the people that we support, their families and care professionals.

We offer 24/7 residential and person-centred care in safe, community settings. Our aim is to help the individuals that we support to lead fulfilled lives, and successfully transition to independent living, regardless of age or presumed ability.

## Our PWS services include:

- Person-centred support programmes in safe and caring residential settings
- Bespoke supported living solutions are also available across the UK
- Access to independent nutritional support
- Positive behaviour support (PBS) and learning disability advisers
- 1:1 psychological support, if required
- Support for younger individuals who are 17 years old, to take the next steps into adulthood
- Education and voluntary/paid employment opportunities
- Progression through a care pathway
- Multidisciplinary staff teams
- Locations with access to the wider community and close to amenities

## Our specialist PWS sites:

- 01 Bishops Corner, St Leonards-on-Sea, East Sussex
- 02 Bishops Croft, Robertsbridge, East Sussex
- 03 Bishops Gate, St Leonards-on-Sea, East Sussex
