

# Supported living services in South Peninsula

**Priory Supported Living South Peninsula provides innovative, person-centred supported living services that enables people with complex needs to live independently and safely within their community.**

## About us

Priory Supported Living South Peninsula works with people with complex needs to help them to live as independently as possible. Our support is flexible and person-centred and ranges from lower level enabling support through to 24 hour complex care.

We support people with learning disabilities, mental health needs, autism and those who present with behaviours that may challenge.

As a provider of specialist residential services and supported living we are able to offer pathways of care, reflective of what people need, when they need it.

We offer 24-hour staff availability and an on-call number for emergencies outside office hours.

We have established partnerships with local housing providers, enabling us to offer a range of high quality accommodation schemes. These include self-contained apartments, shared living and completely bespoke solutions, with accommodation adapted to meet individual needs. We can also provide help with tenancy agreements, giving people the security of their own homes.
